

Practical 6 Create Digital Identity – LinkedIn

Aim : To create and modify digital identity using LinkedIn.

Objectives

- To create professional online profile
- To update personal information

Materials Required

- LinkedIn account

Procedure

- **Create LinkedIn profile**
Sign up on LinkedIn using your email and set up a new profile. This gives you access to professional networking and career-building tools.
- **Add photo, bio, education**
Upload a clear professional photo and write a short bio summarizing who you are. Enter your educational details to complete your basic profile information
- **Add skills**
Use the “Skills” section to list your technical and soft skills. Adding relevant skills increases your visibility and strengthens your profile.
- **Create a simple post**
Click “Start a Post” and write a short, meaningful update or introduction. Share it publicly to begin engaging with your professional network.
- **Change privacy settings**
Go to **Settings & Privacy** to adjust what others can see on your profile. Modify visibility, contact preferences, and data-sharing options as needed.
- **View summary charts**
Go to the Responses tab to see automatic charts and graphs generated by Google Forms. These visual summaries help you quickly analyze the collected data.
- **Take screenshots**
Capture screenshots of the form, responses, and charts for documentation. Save them for use in reports or practical records
